Amateur Radio Communications
March – 6th & 7th, 2015
Port Blair, Andaman Nicobar Islands

INVITATION
Call for Papers

Date: 19 January, 2015

Dear Sir,

Sub:- HAMTECH 2015, International Conference on Amateur Radio Communications – during 6th & 7th March, 2015.

It gives me a great pleasure to inform you that **HAMTECH 2015** being held at **Port Blair, A & N Is.** during **6th & 7th March, 2015**. A brochure giving more details is enclosed.

The National Institute of Amateur Radio (NIAR), with its objectives to promote amateur radio, has reached a milestone of completion of 31 years with a reputation of being a world-class institution for its activities and achievements.

Amateur radio service is a continuous process in the path to scientific development. Over 3 million radio amateurs around the world, mostly the developed countries, involve in innovating and bringing out latest technologies to the art of radio communications, which has earned them recognition as “Amateur Radio – A National Resource”.

HAMTECH 2015 is being organised with an objective to provide competitive and creative environment to bring out innovative ideas and overcome challenges in this field as well as to foster growth of science and technology through various programs in the field of amateur radio. Contributing to the art of Radio Communication, it also has a unique advantage to showcase the best available talent. Thus we hope to achieve also kindle sufficient interest to promote the activity hereafter keeping the interest of next generation.

Several Amateur Radio communication experts (HAMs) from India and abroad have already committed to participate in this event. The program is specially designed to provide unique opportunity for non-ham participants to explore amateur (Ham) radio. It also provides an opportunity to interact with several international and national experts, which is rare in our country.

Your support and contribution for the success of this HAMTECH will be valuable. May, I therefore request you to kindly have a paper contributed for this conference. The topics covered at this conference are i) Latest Technology developments, ii) Antennas & Propagation, iii) Dx-peditions& Contesting, iv) HF & VHF Communications, v) Digital Amateur radio & Internet vi) Emergency Communications vii) Promotion of Amateur Radio. The HAMTECH 2015 will consider interdisciplinary aspects of amateur radio in various sessions.

The full length papers may be sent as hard copy, soft copy or email to reach NIAR on or before 15th February 2015. I personally invite you to make it convenient to attend the event.

Thanking you.

Yours sincerely,

(S.Ram Mohan, VU2MYH)
